SBMT 2019 Sponsorship Packet

Who are we?

The South Bay Math Tournament (SBMT) is an annual mathematics competition for elementary and middle school students in the Bay Area. SBMT is a student-run organization part of Sewa International, a 501(c)(3) non-profit organization, founded under the mission of fostering a love for mathematics in young students by hosting an environment for students to tackle challenging and rewarding problems together.

Our Mission

SBMT hosts events for students ranging from 3rd to 8th grade. By organizing various interactive mini-events in addition to a traditional exam, the SBMT team hopes to develop a wide range of problem solving skills in students. Additionally, SBMT's various challenges are designed to introduce students to other mathematics competitions such as the AMC series and MathCounts by providing them with a taste of common problem types and the critical thinking skills required to solve them.

Why should you sponsor us?

Sponsorships provide our team with valuable opportunities to ambitiously strive for the highest goals we set for our tournament. By partnering with SBMT, companies can advertise their products to parents and students at the tournament while simultaneously allowing SBMT to improve the tournament experience for students and donate more of our proceeds; math institutions can also gain insights into the younger prospective student market.

Past Successes

SBMT was held for the first time last year and nearly 200 participants joined the event. Check out testimonials and past event photos on our website, southbaymt.org.

Interested in Sponsoring?

Email us at outreach@southbaymt.org

SPONSORSHIP TIERS*

BRONZE **SILVER** **GOLD** **PLATINUM**
